## Top-to-toe care for the entire family

**Let your family enjoy good-looking skin. Ensure that you're giving yourself and your family the best that comes from nature by G&H Exclusively by Amway.**

Experience the next generation of top-to-toe care with the new G&H body care collections by Amway

We often focus on caring for the skin on our face, since that is what we see first, but the other 95% of our skin requires care and attention too. Body care is very important as the skin is the largest barrier which protects our bodies from external environment. G&H uses familiar, natural, skin-beneficial ingredients that are thoughtfully grown, sourced, and expertly blended to create unique, nurturing formulas that keep skin healthy-looking and balanced.

Amway's new G&H has three collections of body care products to Nourish, Refresh and Protect the entire body, all day long says Michelle A. D'Allaird, Amway Artistry Master Skin Health Educator.

G&H body care line includes mild, sulphate-free and pH balanced formulas – effective yet gentle on the skin and moreover **safe to use with children aged 3 and older**. The packaging is inspired by nature and it is 100% recyclable. Each collection is developed with its own unique blend of skin-loving natural derived botanical ingredients to comfort, soothe and replenish the skin of the whole family:

### **G&H NOURISH+ TO RELIEVE THE MOST UNCOMFORTABLE SKIN!**

G&H NOURISH+™ line includes Body Wash, Body Lotion, Complexion Bar and Hand Cream.

Enriching formulas with Orange Blossom Honey, Shea Butter, Pumpkin Seed Oil help nourish, comfort, and maintain healthy-looking skin

- Orange Blossom provides nourishing moisture that hydrates and softens skin,
